Outpatient day flow

It takes time to receive your first appointment. On the day of the appointment, make sure to arrive 30 minutes before your outpatient appointment time.

Please present your insurance card and consultation card (if you have one) at the initial consultation reception.

After completing the procedures at the initial consultation reception, please go to the obstetrics and gynecology outpatient department on the 2nd floor.

Fill in the medical questionnaire at the reception desk and wait until you are called.

*People who have been to our clinic before should come to the reception for their first visit.

*People who are currently attending the obstetrics and gynecology department at this hospital do not need to go to the reception for their first visit.

Please come to the outpatient department of obstetrics and gynecology on the 2nd floor after the return visit reception.

The consultation ends when the account has been settled.
